WHAT OUR CUSTOMERS SAY:

"We have been running edgebanders for 30 years and the commissioning of the HYFUSE technology has, in my opinion, been the most significant advance in that period, particularly the ease to achieve a seamless finish without a need for cleaning."

Graham Russell – Managing Director, Greenmount Interiors Ltd – Auckland, New Zealand

"We have now been running HYFUSE for 3 years and have found it to be extremely reliable and consistent with no maintenance."

Paul Rusbatch Joinery Manager, ITM Joinery, Kitchens & Doors – Richmond, New Zealand
